

## WILSON'S NEXT CABINET TALK

Harry A. Garfield, Senator Walsh and Vance McCormick Likely Selections

## BELIEVED PRESIDENT WILL HONOR WEST

No Changes Without Resignations of the Present Members, However

Washington, Nov. 14.—President Harry A. Garfield of Williams college, son of President Garfield; Senator Walsh of Montana, and Democratic National Chairman Vance McCormick were three names centered upon in discussion here yesterday of probable new members of the president's cabinet after March 4.

That there will be more than one resignation by present members is deemed certain. One close friend of the administration said he had positive knowledge that several members have expressed a desire to be relieved of their places.

One new member, in the opinion of Henry Morgenthau, treasurer of the Democratic national committee, is likely to come from the West. Morgenthau was in Washington yesterday, together with Edward L. Doherty, wealthy California oil operator, with whom he departed from Norfolk last night on a yachting cruise.

"It would be the logical thing for the president to do to recognize the great West in filling his cabinet vacancies that might occur," said Morgenthau. "Bear in mind that no pledges or promises have been made. The men who fought for the president's reelection did so as a privilege and not with the hope of personal benefit."

The name of Senator Walsh has been given consideration here as he is from the West. On the other hand there is a general belief that he will be Senator Kern's successor as Senate leader.

Mr. Garfield, unlike his brother, James R., member of Roosevelt's cabinet, has been an active supporter of the president, as well as a personal friend.

If there are any changes in the cabinet they will come as a result of insistence by the cabinet member himself. This was learned definitely yesterday and was construed in official circles as a blow to reports the president would remove Secretaries Daniels and Redfield, and was considering a new man to take the place of Secretary McAdoo.

The same situation is true with regard to the post of secretary to the president, now held by Joseph P. Tumulty. It is considered Tumulty will not be replaced unless he strongly requests it. During recent months several business propositions have been put to the secretary.

As to regarding those who have worked for the president's reelection, including Vance McCormick and Robert W. Woolley, it is believed they will be taken care of. It is understood, however, that neither is being considered for the tariff board, as rumored, because it might be charged the president has allowed politics to figure in his selection.

## RUSSIA AUTHORIZES \$1,000,000,000 LOAN

Imperial Ukase Is Promulgated to Allow Making the Issue of Treasury Bonds Abroad.

Petrograd, Nov. 14.—An imperial ukase promulgated yesterday authorizes the Russian minister of finance to make issues abroad of treasury bonds to the amount of \$1,000,000,000, as occasion may require.

## RELIABLE REMEDY RESTORES KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is a physician's prescription. Swamp-Root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it will help you. No other remedy can successfully take its place. Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Barre Daily Times—Adv.

## THE MODERN TEST OF EFFICIENCY

Is Fully Met by Hood's Sarsaparilla and Pepton Pills

Because of what it contains, of the way it is made and of the record it has achieved, Hood's Sarsaparilla is warmly recommended to you for rheumatism, catarrh, scrofula, eczema and other troubles arising from impure blood or low state of the system.

In cases that are radically anemic and nervous—marked by paleness, thin flesh, sleeplessness, nerve exhaustion, the power of Hood's Sarsaparilla is greatly increased by Pepton Pills, the new pepton, nux and iron tonic. These two medicines make the strongest combination course of treatment for the blood and nerves of which we have any knowledge.

Thousands of families are taking these medicines. Let your family take them, too. Get them now.—Adv.

## Dry, Hoarse or Painful Coughs Quickly Ended

Home-Made Remedy that Saves You \$2—Does the Work Thoroughly.

The prompt and positive action of this simple, inexpensive home-made remedy in quickly healing the inflamed or swollen membranes of the throat, chest or bronchial tubes and breaking up tight coughs, has caused it to be used in more homes than any other cough remedy. Under its healing, soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual "throat" and chest colds are conquered by it in 24 hours or less. Nothing better for bronchitis, hoarseness, croup, whooping cough, bronchial asthma or winter coughs.

To make this splendid cough syrup, pour 2½ ounces of Pinex (50 cents worth) into a pint bottle and fill the bottle with plain granulated sugar syrup and shake thoroughly. You then have a full pint—a family supply—of a much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with guaiaecol and is known the world over for its promptness, ease and certainty in overcoming stubborn coughs and chest colds. To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else to guarantee to give absolute satisfaction or money promptly refunded. ## WILLIAMSTOWN

The water supply at the village school-house, which comes from springs on land now owned by C. A. Bemis, has not been used for some time as it was thought impure. Supt. Beecher has caused samples to be taken and sent to the state laboratory at Burlington, with the result that it was found to be normal and free from impurities. The water is now being used by the pupils of all the village schools.

Miss Edith Hall of Derry, N. H., is the guest of Dr. and Mrs. Carl F. Robinson.

Word is received from Hartford, Conn., that Glen E. Morgan and Angier F. Edwards, who went to that city something like a month ago to work in a large horsehoe nail factory, that both have been allowed an increase in wages lately. Herbert N. Farnham, who has had charge of the state road work for the past season went to Hartford yesterday and may find employment with the same firm.

The Epworth league will hold a social in the M. E. vestry on Wednesday evening, Nov. 15. Everyone invited.

Mrs. Laura Ainsworth and Miss Mary Waterman are to spend the winter in Montpelier, and Mrs. W. H. Stewart is to be with them. The house here will be closed, but Miss Waterman expects to come up often if everything is favorable. They intend to leave to-day.

Elgin A. Martin, who has been in the employ of George T. Colby as teamster most of the time for the past year or more, has rented H. D. Staples' farm, with stock and tools, located in Moretown, and intended to move his goods there to-day, but delayed the trip on account of the snowstorm of last night.

The Rural Good Luck club will hold a domestic science meeting with Mrs. Ray Thresher on Saturday, Nov. 18. Members come early. Dinner at 1 p. m.

There is to be a concert and dance under the auspices of the band on Friday evening, Dec. 1. Concert by the band and an orchestra will furnish music for dancing. Remember the date and turn out and give the boys a boost.

The ladies of the Congregational church will give a chicken-pie supper Friday evening, Nov. 17. Supper served from 5:30 to 8.—adv.

## FARMERS AROUSED.

Many Have Closed Their Lands to Hunters.

Brattleboro, Nov. 14.—Disregard of the rights of land owners has resulted in the posting of 3,500 acres of land in Guilford and Vernon against outside hunters. The posting will be completed to-day over a tract extending from near Guilford village southward about five miles and averaging about a mile in width, including several farms in the western part of Vernon. This section is much frequented by out-of-town hunters, but trouble is promised them if they hunt there during the season which opens to-morrow.

During the last season one Guilford man witnessed from his dooryard the killing of three deer in a single day. With his team he drew the game in for the hunters, who took it all away without a word of thanks. Another farmer was waiting a favorable opportunity this fall to trap some coons which had fed on his food crops all the season, but one night last week a party of hunters, without the formality of permission, entered his woods, cut down two trees and killed and carried away five coons.

Other out-of-town hunters have persisted in hunting deer after having secured their full quota under the law, until threatened with arrest, and some have taken deer for what they could get from the sale of the meat. Each year the aggravation has increased, until Guilford and Vernon farmers have decided to accept such protection as the law affords and have closed this tract. It is predicted that before next fall all the land in these two towns will be closed in like manner.

## OPPOSE FORCED ARBITRATION

A. F. of L. Is Firmly Against the Administration Plan

## THE COMMITTEE SO REPORTS

The Canadian Measure Is to Be Attacked in the Convention

Baltimore, Nov. 14.—Warning that union labor will oppose with all its power any attempt to put through Congress a compulsory arbitration bill, was given yesterday by President Wilson, as proposed by the executive committee of the American Federation of Labor, at the federation's thirty-sixth annual convention, read its report.

"The wage earners of the United States," ran the report, "will oppose any proposition to impose upon them compulsory servitude. They hold that the principle involved in voluntary institutions is the key to personal and industrial freedom and that this principle is of more importance to them than any other consideration."

"The immediate problem involved is a class problem, but the principle involved in compulsory institutions, even for a class in our republic, is of concern to the whole republic, for we know that the republic cannot be maintained part free and part slave."

"Involuntary and compulsory labor once enforced, even for a single hour, will not halt at its temporary enforcement, but will go on and become permanent."

"In human institutions when a wrongful course has been pursued it inevitably is held or driven on to its logical conclusion of error. Then there is no retrieving, except by a revolution."

"The human labor power which this law compels wage earners to give to employers against their will is inseparable from the body and personality of wage earners. It is part of the men and women themselves. They cannot be forced to work for an employer against their will without reducing them to the legal condition of slaves and transforming their minds and spirits into those of slaves. No more dangerous proposition has ever been presented than this compulsory investigation measure."

In conclusion the committee recommended that the convention take a strong stand against it and "in favor of the maintenance of institutions and opportunities for freedom."

Discussing the arbitration principle, the committee viewed it as second in importance on the general administration program to the eight hour day principle.

"This effort again to subject wage-earners to involuntary servitude has aroused the determined resistance of wage earners generally," it continued. "To their declaration against involuntary servitude the proponents of the legislation have replied that although a strike would be made illegal under the proposed law and strikers criminals, yet individual workers were not deprived of the right to quit work. The committee, taking up politics, urged woman's suffrage, Porto Rican independence, government ownership of telegraph and telephone lines, a national child labor law, a minimum wage law for the government, extension of the eight hour day to all government departments, exclusion from interstate commerce of convict labor products, preparedness and vocational training as a means to preparedness."

Discussing the work done by the Canadian organizations, the committee stated that a movement would be started at the next session of Parliament for the repeal of the Canadian act that prevents strikes during investigation.

Enlisting in the Canadian regiments overseas in the European war have cost the organizations 25,000 members and have created a labor scarcity, it was said.

## RELIEVES HEADACHE WITHOUT DOSING

By Applying Sloan's Liniment to Forehead You Can Stop the Severe Pains

Many headaches are of a neuralgic origin. The symptoms of such headaches are intense and lingering pains in the brow, temples or back of the head. There is one certain relief that has been known and recommended for years back, Sloan's Liniment. One application and the dull pain is practically gone. It is easily applied without rubbing. Rubbing is unnecessary, as Sloan's Liniment quickly penetrates to the seat of trouble. Aching muscles, rheumatism, bruises, lumbago, chilblains, sprains and stiff neck can also be most effectively treated with Sloan's Liniment. Cleaner than many plasters or ointments; it does not stain the skin or clog the pores.

At all drug stores, 25c, 50c, \$1.00.

## Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast, fast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "run-downs," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-checked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.—Adv.

## PIMPLES COVERED BABY'S HEAD

Became One Scale Which Was Awful to Look At. Burning and Itching All the Time. Began on Body.

## HEALED BY CUTICURA SOAP AND OINTMENT

"Baby was five days old when I first noticed that her head was covered with red pimples. The ball of her head became one scale which was awful to look at. She cried and lay awake trying to get at it. It was burning and itching so all the time. After a while it began to break out on her body. My baby was an awful looking sight."

"Baby was a sufferer for six weeks before I used the Cuticura Soap and Ointment and her body and head were disfigured with scales. In a few days my baby was well all over." (Signed) Mrs. R. E. Higelow, R. F. D. No. 2, Shelburne Harbor, Vt., July 1, 1915.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

## WATERBURY

Court is being held here, Judge Frank Fish presiding. The case of the Morse estate vs. Town of Waterbury was opened last week, but is now having a recess while an expert auditor examines the books. In the meantime the Cooley chancery case is being taken up. The attorneys are C. B. Adams and J. Ward Carver for the town, Plumley & Plumley, White and Free Lairs for the estate.

Mrs. Laird is the stenographer. Judge Fish spent Sunday with his wife at the Center, where she is visiting relatives during the session of court.

Mrs. Chamberlain and daughter, Phyllis, have joined Mr. Chamberlain at the hotel at North Duxbury.

Harold Morse is moving upon the Frank place on Scorable hill.

The offertory at the Congregational church Sunday was a vocal solo by E. G. Miller.

## BOUNDARY LINE CONFERENCE

Will Be Held at Washington, D. C., on Nov. 27.

Concord, N. H., Nov. 13.—A conference of the attorneys of both New Hampshire and Vermont, who have been doing a large amount of work relative to the adjustment of the boundary line dispute between these states, has been arranged for Nov. 27 in Washington, D. C. Attorney General James P. Tuttle of Manchester and his assistant, Joseph S. Matthews of Concord, will represent New Hampshire at the meeting and the interest of Vermont will be in the hands of Attorney General Herbert G. Barber of Brattleboro and ex-Attorney John G. Sargent of Ludlow.

A survey has been made and plans have been drawn of the river from the northern border of the state south as far as Windsor county by the state of Vermont and men are now at work on the survey in Windsor and Windham counties.

## AMUSEMENT NOTES

Kipling's Masterpiece at Park Theatre To-night.

Rudyard Kipling's immortal masterpiece, "The Light That Failed," on the screen, produced by Edward Jose with Robert Edeson as the star.

Edward Jose, director of Pathe's famous "Iron Claw" serial, who is famous for the way in which he casts his pictures produced "The Light That Failed." Robert Edeson, the celebrated actor of stage and screen, was chosen to play the part of Dick Heller, the hero. His work in the scene in which he realizes that the light has failed—that he is blind—is one of the greatest pieces of acting ever seen on the screen.

In the supporting cast appear such well known players as Claude Fleming, Jose Collins and Lillian Tucker. Miss Collins as the jealous model, who in a fit of rage at her unrequited love, ruins his painting which he has just managed to finish before going blind, is remarkable, and the acting throughout is of the highest order.

Some of the many remarkable scenes of the picture show a long line of camels outlined against the desert sky. Hundreds of "extras," British soldiers, tribesmen, etc., were used. These scenes and those of Dick's luxurious studio lend atmosphere to the powerful story.

It will hold your attention from the beginning to the end, when, cursed with his blindness and with a deep ache in his heart, Dick Heller again hears the call of the East. Torpor follows the trail of the "mad Englishman" as he is called among the natives, for hundreds of miles across the desert and reaches him as a horde of Dervishers are about to attack him. In the skirmish, Dick is mortally wounded.

You mustn't miss "The Light That Failed," at the Park theatre to-night.—adv.

"The Princess Pat." "The Princess Pat," Henry Blossom and Victor Herbert's latest comic opera, which reigned "Queen of Broadway" for many months, comes to the opera house.

## The Treatment of Influenza or La Grippe

It is quite refreshing these days to read of a clearly defined treatment for influenza or La Grippe. In an article in the "Lancet-Clinic," Dr. James Bell, of New York City, says he is convinced that too much medication is both unnecessary and injurious. When called to a case of La Grippe, the patient is usually seen when the fever is present, as the chill which occasionally occurs in the disease, has practically passed away. Dr. Bell then orders that the bowels be opened freely with salts, "Acetol" or citrate of magnesia. For the high fever, severe headache, pain and general soreness, one anti-kamie tablet every three hours is quickly followed by complete relief. Ask for A-K Tablets. They are also unexcelled for headache, neuralgia and all pains.
